

The background features several large, overlapping, semi-transparent swirls in shades of purple, green, and blue. Scattered throughout are numerous small, yellow, triangular shapes pointing in various directions, resembling a sunburst or starburst effect.

iNet Global Core Deep Support Personalization

**River Rouge School
District**

International Academies

Global Core Student Personalization

- Each student will have an individualized Student Success Plan to reduce barriers to learning.
- Mentor teachers will meet with individual students to discuss progress and assessment data throughout the year.
- District will provide personalized interventions to support learning.

Global Core Distributed Counseling

- Each student will have an adult mentor that will serve as an individual counselor.
- Each adult will be responsible for mentoring ten students throughout the year.
- Each adult mentor is responsible for discussing GPA, attendance, grades, and assessments.
- Every faculty member has the responsibility to create a caring inclusive learning environment.

Global Core Extended Learning Opportunities

- Each student receives individualized attention that is structured and supported throughout the year.
- Learning is extended throughout the day and year to support learning on an individualized basis.
- Each student in need of extra academic support will receive targeted assistance.
- Students can participate from the district's 21st CCLC - Project Achieve program.

Global Core Multi-Tier Resource Coordinated Services

- The Resource Coordinating Team will meet to discuss targeted services to support individual students and learning barriers.
- Each student will have a Student Success Plan to help them be successful in learning a rigorous intellectual curriculum.
- Students in crisis will be referred for outreach services in local agencies.

Global Core Transitional Programs and Activities

- Our customized transitional programs are staffed with highly qualified certified teachers who understand the value of connections, meaning relationships, and performance.
- Our key transitional programs have been established to support and prepare students for post-secondary success.
