River Rouge School District
International Academies

Global Core Consciousness through Student Voice

- Students are expected to express themselves creatively through their voice and talent.
- Students will use their voice to support equality and human rights.
- Students use core democratic values to support democracy and freedom.

Global Core Systems Leadership Development

- The District uses a systems Leadership Development structure to support student learning and organizational processes.

Global Core Ambassador's Program for Change

- The Ambassador's Program for Change will forward students the opportunity to become culturally literate through cultural exchange opportunities.

Global Core Outreach

- Our International Academies will sponsor all types of outreach experiences that support cultural competence.

Global Core Inner Engineering Leadership Retreats

- Our Inner Engineering Leadership Retreats offer students the opportunities to develop executive leadership skills through meaningful experiences.

Global Core Quality Organizational Improvement

- Our International Academies use a continuous school improvement process to ensure academic achievement for all learners.
