

Ann Visger Preparatory Academy

Course Offerings

2024-25

| Course Offerings | Grade Level | Description |
|-------------------------------|-------------|--|
| GSRP Readiness Program | Pre-K | Using the HighScope Preschool Curriculum , learning is based on eight dimensions of school readiness. The program employs high-quality learning activities, guidance methods, daily schedules, and routines that are tailored to the individual needs of the students. Curriculum includes: Approaches to Learning, Social and emotional development, Mathematics, Creative Arts, Science and technology, Social studies, Physical development and health, Language, literacy, and communication |
| English Language Arts | K-5 | Using the ELA instructional framework, reading curriculum, and district grammar pacing which all focuses on the essential literacy standards, ELA incorporates the teaching and learning of reading, writing, speaking, listening, and viewing. Students will have 120 minutes allocated during their Reading Block. Curriculum includes: i-Ready and Literacy Footprints. |
| Mathematics | K-5 | Using the Mathematic instructional framework that highlights the National Mathematics Standards our mathematics offerings focus on the five content standards each encompass specific expectations, organized by grade bands: Number & Operations, Algebra, Geometry, Measurement, and Data Analysis & Probability. Students will have 90 minutes allocated during their math block. Curriculum includes: i-Ready. |

| | | |
|-----------------------|-----|--|
| Science | K-5 | NGSS-aligned science standards set expectations for what students should know by the end of every grade level in the three dimensions of science: Crosscutting Concepts, Core Ideas, and Practices. Curriculum includes: Generation Genius Science and Mystery Science. |
| Social Studies | K-5 | The State of Michigan Social Studies Standards helps students understand, participate in, and make informed decisions about their world. The themes consist of civic engagement, as well as knowledge from the core content areas of civics, economics, geography, and history. Curriculum includes: MC3 Michigan Social Studies Curriculum |

Ann Visger Preparatory Academy Enrichment Course Offerings 2023-24

| Course Offerings | Grade Level | Description |
|-------------------------|--------------------|--|
| Dance | K-5 | Elementary Dance is offered as a special area subject. The program is designed to develop the student's understanding of fine arts dance as well as the student's understanding of how dance connects to other subject areas. |
| Drama | K-5 | This program is a great introductory drama experience that allows scholars to develop speaking skills, build confidence, and enhance early social skills and creative learning. Scholars also participate in a wide range of creative activities including |

| | | |
|----------------------------|-----|--|
| | | speech, dramatic movement, improvisation, snippets and scene starters. |
| Band | K-5 | Elementary Band provides students with opportunities to learn and perform music as part of a group, enhance their cultural knowledge by developing technical performance skills, and gain a deeper understanding of music. |
| Physical Education | K-5 | P.E. is based on the following themes: Motor Skills, Physical Fitness, Cognitive Concepts, and Personal/Social. A variety of sports and movement activities are also incorporated to provide a foundation of knowledge of lifetime fitness and sport skills. |
| Jewelry and Art | K-5 | Jewelry and Art is a META Lab where our scholars will learn the techniques that transform metal, beads, stone or other materials into jewelry. |
| Fashion and Design | 2-5 | Fashion and Design is a META Lab that focus on teaching scholars the foundational skills of fashion and design. Our instructor will teach hands-on skills of design and construction. Students will explore fabrics, learn how to sew, and create! |
| Media and Broadcast | K-5 | Media and Broadcast is a META Lab that introduces scholars to cameras, video, audio sound, and more. Our instructor will teach the basics of video production principles and techniques. |
